

Dear {}

I am writing to you to express my interest on your website for an experienced, detailed oriented, front-end web developer. As shown on my resume, I have 4+ years hands on experience in creating effective coding websites not only using the standard html, CSS and JavaScript framework, WordPress, spring-boot and bootstrap.

Building state of the art, user-friendly websites and applications is a true passion of mine. For this reason i believe I would be an excellent asset to your organization. Since this field changes rapidly, with continuous website improvements, I actively monitor new technology and stay up to date on industry trends and advancements. This allows me to deliver exceptional work to those employers with whom I collaborate.

I am attaching my resume and portfolio for your review.

I can be reached either by phone: 224-616-0809, or email: 365marcelb@gmail.com

Thank you for your time and consideration. I look forward to speaking to you regarding this opportunity.
